hay i dont want to break your heart or play with your feeling yar but come on give him some hints yar :unsure: i am a guy i
liked a girl but trust me i couldent tell her either but i did (even though the reply was no but still i was some what relaxed

that atleast i did what i could of honey so tell him no mater what the ans. is) to and trust me it is as hard for a guy to express his true feeling as it is for a girl. i hope you`ll do what i said

Take Care
