Waalikum Asslam

Well a simple advise and solution..

Stop watching Indian movies and reading romance novels or books (or atleast stop taking something from such movies and novels etc..) and try to understand what true LOVE is. I am sure you will start living your life :)

WSalam...

~~ Peace ~~

Dear Waseem

Pehlay ye bataho k tum attock main kiya kertay ho. Aaj Kal kia shughal hai ya bus yahe shughal ta.Tum maan Paab kee tawaqohat per ketnay utray ho. Joray Aasmanoon main bentay hain. Zamin per khuda kee makhlooq nain banati. Tum kuch bi karo Allah nain os larki ka liyay Jora muntakhib kiya ta ur wo hogia. Iss maen ap ko ab kiya ataraz hai. Tum be osi khuda kay makhlooq ho jo os nain tumaray liye banaya hai wo ap ko jald ya dair say mill jaiyga. Ye tumar faisla nain hai ye os ka faisla hai jis nain tum ko banaya hai. Zaroori nain ha k jo tum chahoo wo hogai. Concentrate on your study and dont create problem for yourself and for your parants. I have very big experience in this regard. You have to accept this fact. Thanks and regard.

Brother why you wish to die??  
life and death is pre decided...e.g if you commit  
suicide what answer would you give to Allah?  
its only for a time being...slowly and gradually  
you would forget that incident which is affecting  
your heart and mind...Quran and Namaz  
have healing power be committed to them  
i know thts only an answer...but practically  
you will gain not loss  
Wa alikum salam
