## Sports Tournament

Posted by proudpathan - 2007/09/05 09:10

---

Recently during a visit to my home village in Tajak, I could not help but see the enthusiasm of youngsters playing cricket and volleyball in the surrounding villages as well as Attock itself.

I was wondering whether there was an official league, or a league of some kind where these youngster can take part on a regular basis against other village teams in District Attock. If so who runs these, as I would like to sponsor some kind of tournament or help to set a league up.

I run a football league here in the UK, and I am willing to help to setup a similar league for cricket and volleyball, and help out financially over there in Pakistan, if I could find some people who are willing to organise and look into matter.

I will be returning to Pakistan in December 2007 again, so if anyone has any information or willing to help out, please let me know on this forum

Thanks
