The Prophet said to Salman al-Farsi

O Salman read the Quran because reading it is an atonement for sins, and a shield from hellfire and exemption from punishment. Whoever reads it receives for every verse (ayah) rewards equivalent to that given to one hundred martyrs

O'Salman, if a believer reads the holy Quran, Allah will for every letter he utters create an angel that will on his behalf glorify Allah till the Day of Judgement

Imam Musa al-Khadhim said, "The degrees of ranks in Paradise are equal to the number of verses of the Holy Quran. So for every verse you read you will be raised a degree higher".
