
\\"Close to me, far from me\\"

Posted by Rabeel - 2007/07/26 23:12

Close to me, far from me
Someone surely lives in my heart

No matter he loves me or not

I will always love him
He is like a light in darkness

His intoxication is always with me
no matter I sleep no matter I wake

It is the fault of none but I Took the
blam all on me

I do not know what is the punishment
of love

But I can only love you forever
